

Welcome to Kitchen Capers Ltd. cooking workshops for kids. We offer a fun and unique way to introduce your little chef's age 5-12 years old to the joy of cooking.

Children will learn to cook by measuring, mixing, making and then baking and are actively encouraged to be creative. They are supervised and shown how to handle food and utensils safely whilst any potential hazards are pointed out to them prior to starting.

All our kitchen instructors hold current Food Hygiene and First Aid certificates and are CRB checked.
